DETAILED ACTION

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 112

Claims 38, 39, 41-43, 45-48, and 57-59 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 57, line 9, it is not clear what is meant by "fixed position free of said base". It appears applicant means "first position". Regarding claim 38, line 8 beginning with "an annular member...." through line 10 is a repeat of claim 57, lines 15-18 from which claim 38 depends. Such redundancy in recitation resulting with terms lacking antecedent basis. Regarding claim 39, it is not clear whether "an annular flange" on line 5 is the same as the "annular flange" of line 2; and whether "a plateau" of line 6 is the same as the "central plateau" of line 3. Such recitation also appears to be redundant. Clarification required. Regarding claim 58, it is not clear whether "a first axial position" on line 9 and "a second axial position" on line 10 are the same first axial position and second axial position of claim 57 from which claim 58 depends.

Allowable Subject Matter

Claims 12-34, 51, 53-56 are allowed.

Claims 38, 39, 41-43, 45-48, and 57-59 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

Response to Arguments

Applicant's arguments with respect to all pending claims have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
